Exercise 1

1: Study how to use Snipping tool in windows 11 to make a video of your screen actions. Video may not be longer than 10 seconds.

2: Study how to store that video into your OneDrive. You will return many videos later on this course. It is wise to make clear path / directory structure into you OneDrive to manage it also later or keep it in order.

3: Study how to give viewing rights for that video / sharing that video using link.

4: Study how to share that video in Moodle returning box of this course (Exercise 1). You can only type / paste a text into Moodle returning box. Paste a link to your video into return box so I can see it. When you have got it right, the exercise is passed. Checking is not happening immediately. It will take approximately one day.

5: Return it as many times as needed. If your returning is failed, you will get comment about the reason, and you can make a returning again.
